

DUAL-MASTER DEGREE PROGRAM

INTERNATIONAL MASTER IN GLOBAL RESOURCES, EARTH AND TECHNOLOGY

-GREAT-

- ✓ 2-year Master of Science Education in mineral resources engineering, the circular economy and sustainable development.
- ✓ The first year of the program takes place at Colorado School of Mines/ Colorado, USA and the second year at Montanuniversitaet Leoben Austria.
- ✓ Students with a BSc in Mining are eligible to apply. Students with a similar BSc degree in engineering have to compensate for deficiencies.
- ✓ Two degrees: MSc of Colorado School of Mines and MSc of Montanuniversitaet give full access to US and European labour markets.
- ✓ Students will become specialists in mineral resources extraction and use, the sustainable management of such operations, in the understanding of raw material flow cycles from mining to recycling.
- ✓ Future job opportunities are: mining & processing or environmental engineering, sustainability and assessment management.
